EDUCATION

2017 - 2019
CIAF HIGHER EDUCATION
- Software development technician

2023 - 2024
CIAF HIGHER EDUCATION
- Software technology

SKILLS

- Angular
- React
- Nestjs-Nodejs-Express
- MySql-PostgresSQL
- MongoDB
- Docker
- PHP-Laravel

LANGUAGES

- Spanish: Native
- English: Intermediate

PROFESSIONAL PROFILE

Angular specialist with 3 years of experience developing robust applications. With knowledge in backend using NestJS and Laravel, I have created full-stack applications integrating Angular and NestJS, implementing file management and full CRUDs, always following development best practices.

WORK EXPERIENCE

Innovating Solutions   2023 - 2024
Frontend Developer

- I was part of a team developing a robust medical self-management system with Angular.
- I created modules from scratch, applying good development practices.
- I provided support to optimize and improve code performance.
- I developed reusable components, functions and services, standardizing the application.
- I migrated and refactored old code, improving its functionality.
- I solved technical problems, contributing to system stability.

Betenlace SAS   2021 - 2023
Frontend Developer

- I designed and structured the frontend for the startup's projects with Angular.
- Provided technical support to frontend and backend developers and reviewed PRs in Git.
- Acted as technical interviewer for aspiring frontend developers.
- Provided support to projects in production.
- Performed pair programming with new developers for their integration.
- Collaborated with QA on user testing.
- Documented code and key processes.
- I participated in the resolution of technical issues, development of new features and definition of timelines.
